

Community Workshops Schedule for May 2011

The project has just begun, and we are seeking to provide information as well as seek community input at the very beginning of this process. Three workshops are scheduled, and although they are targeted for specific areas to better focus the presentations and distribute attendance, the public is welcome to attend whichever workshops they desire.

These workshops are:

Monday, May 16, 2011 at 7 pm at Cajon Valley Middle School, Gym Multipurpose Room, 550 E. Park Ave. (for properties that are being considered for addition to the current Redevelopment Plan Area)
