

LOST PETS

If you have lost a pet, please come to the shelter and look in person. We cannot tell you what animals are here over the phone. Lost and Stray animals continually come into the shelter.

We scan all animals for a **microchip** when they come into the shelter. If it has a chip or comes in with tags, we will contact you. Please make sure your information is current with the microchip company.

Animals that come into the shelter as strays usually go up for adoption after 4 days. The days we are closed are not counted.
